Geographical Indication Tags

What is GI Tag?

- ✓ A geographical indication (GI) is a sign used on products that have a specific geographical origin and possess qualities or a reputation that are due to that origin.
- ✓ In order to function as a GI, a sign must identify a product as originating in a given place. The **Geographical Indications of Goods (Registration and Protection) Act, 1999** seeks to provide for the registration and better protection of geographical indications relating to goods in India. This tag is valid for a period of **10 years** following which it can be renewed.
- ✓ It is governed and directed by the WTO Agreement on Trade-Related Aspects of Intellectual Property Rights (TRIPS).
- ✓ The tag is issued by the Geographical Indication Registry under the Department of Industry Promotion and Internal Trade, Ministry of Commerce and Industry.
